

What's New in

PDF Annotator 7

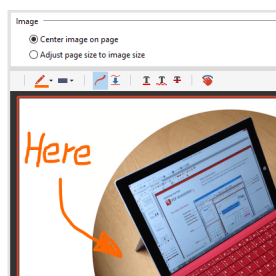

Click "Help", "New in PDF Annotator 7" to access this document again.

New! PDF Templates

Select a template when creating new documents using "File, New"

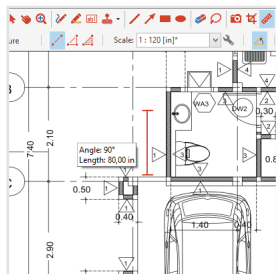

- ▶ Add, remove, rename templates
- ▶ Save current document as template
- ▶ Automatic use of same template when adding additional pages

New! Images to PDF

Select image files instead of PDF files under "File, Open"

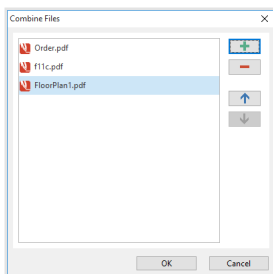

- ▶ Center image on a blank new PDF document, or
- ▶ Automatically converted to a single page PDF

New! Measure Tool

Measure distance, perimeter or area

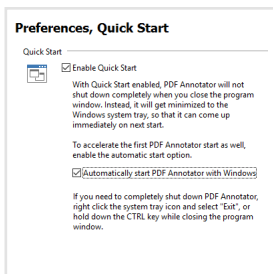

- ▶ Select scale to automatically convert and output in correct units
- ▶ User defined list of scales
- ▶ Create a scale based on a known dimension in a document

New! Combine PDF Files

Select multiple PDF documents to combine (merge) to one single PDF

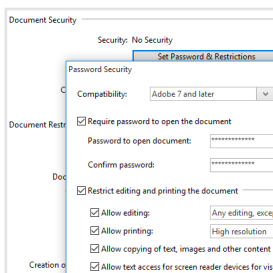

- ▶ Choose from list of open documents
- ▶ Order documents before combining

New! Quick Start

Option to reduce wait time while application starts

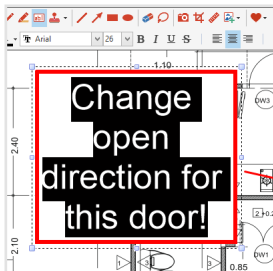

- ▶ Keeps application open by minimizing it to the Windows system tray when program window gets closed
- ▶ Option to start application automatically with Windows to reduce wait time on first start

New! PDF Security

Set password and restrictions

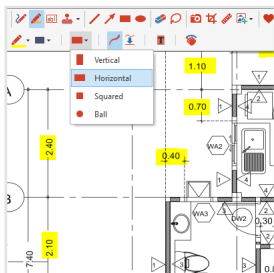

- ▶ Require password to open document
- ▶ Set permissions to edit, print or copy content
- ▶ Set password to edit permissions

New! Text Tool

New text alignment options for text boxes:

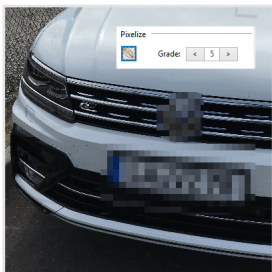

- ▶ left-align
- ▶ center
- ▶ right-align

New! Text Marker Tips

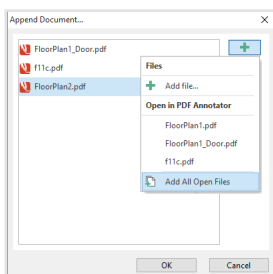

Select shape of tip:

- ▶ rectangular vertical (default)
- ▶ rectangular horizontal
- ▶ square
- ▶ ball

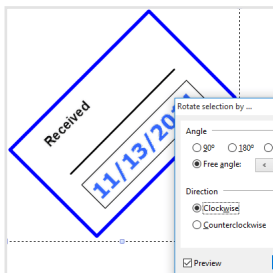

New! Image Editor: Pixelize

- ▶ Obfuscate areas within images
- ▶ Pixelize faces, license plates, sensible data in images

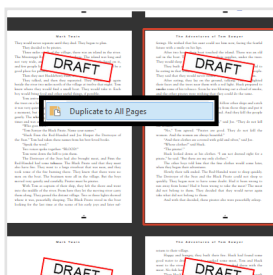

New! Append Multiple Documents

- ▶ Select multiple PDF documents using "Insert Document" or "Append Document" commands
- ▶ Choose from list of open documents
- ▶ Order documents before appending

New! Rotate Annotations

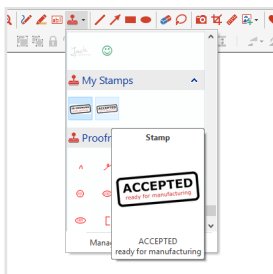

- ▶ Preview while rotating objects via Rotate dialog

New! Duplicate Annotations

New "Selection, Duplicate to all pages" command

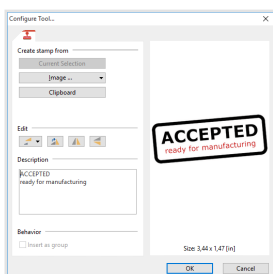

- ▶ Stamp all pages
- ▶ Transfer a single annotation to all pages

New! Stamp Preview

Larger stamp preview when hovering over a stamp in the toolbox

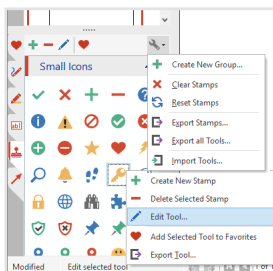

- ▶ Makes it easier to differentiate large stamps and text stamps

New! Edit Stamps

New Edit commands for stamps, right from the Configure Tool dialog:

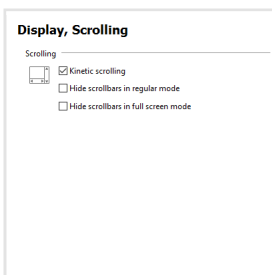

- ▶ Resize Stamp
- ▶ Rotate Stamp
- ▶ Mirror Stamp

New! Toolbox Menus

Improved and more intuitive context menus

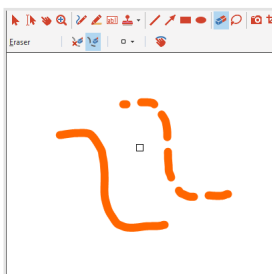

- ▶ Edit and group tools
- ▶ Export and import tools and stamps

New! Hide Scrollbars

Separate settings to hide scrollbars in:

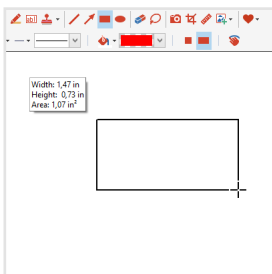

- ▶ regular mode
- ▶ full screen mode

New! Eraser Modes

Select between two modes:

- ▶ Erase whole annotation/stroke (default)
- ▶ Split stroke, with custom eraser widths

AND MORE!

- ▶ Display current length while drawing with line and arrow tools, dimensions and area using rectangle and circle tools
- ▶ Undo page deletions
- ▶ Separate commands for "Insert Image from Camera" (for use with custom toolbar buttons or keyboard shortcuts)
- ▶ Snap: Automatically adapt lines in 15° steps
